<sup>8</sup> This category is limited to >62.5% to acknowledge that, for schools qualifying for CEP below this level, enrolling in CEP may not make fiscal sense for the district.

<sup>9</sup> Districts with a letter grade have schools enrolled in CEP or schools eligible for CEP at or above 62.5% ISP. Districts with a number instead of a letter grade did not have any schools eligible for CEP at or above 62.5%. The number represents how many schools are eligible for CEP between 50 and 62.5%. Districts with an "N/A" grade have no schools eligible for CEP above 50% ISP.
