### Take Action:

The Green Bay Area Public School District could obtain an additional \$650,318 in federal reimbursement when it serves breakfast to at least 70% of the free and reduced price meal eligible students eating lunch.

Implement Breakfast in the Classroom or another alternative breakfast model at all schools to increase participation in school breakfast.

Eliminate the reduced-price payment or implement Universal Free Breakfast at all schools not implementing CEP.

Contact Hunger Task Force or DPI to learn about various breakfast models that can help feed more kids and increase reimbursement for the district.

<sup>9</sup> This category is limited to >62.5% to acknowledge that, for schools qualifying for CEP below this level, enrolling in CEP may not make fiscal sense for the district.

<sup>10</sup> Districts with a letter grade have schools enrolled in CEP or schools eligible for CEP at or above 62.5% ISP. Districts with a number instead of a letter grade did not have any schools eligible for CEP at or above 62.5%. The number represents how many schools are eligible for CEP between 50 and 62.5%. Districts with an "N/A" grade have no schools eligible for CEP above 50% ISP.
