Stamp Out Hunger

Stamp Out Hunger is the nation’s largest single-day food drive, led by the National Association of Letter Carriers.

Stamp Out Hunger takes place on Mother’s Day weekend each year. Letter Carriers walk routes through neighborhoods daily and often see poverty firsthand. Stamp Out Hunger is an opportunity to help out mothers of hungry children who are struggling to provide for their families.

Look for your blue donation bag in the mail leading up to the drive. Fill it with healthy food and leave it by your mailbox on Saturday, May 9 for your letter carrier to pick up. All food will be delivered to Hunger Task Force.

What to Donate During Stamp Out Hunger

Don’t just reach into the dusty realms of your cupboard... plan ahead and have some of these healthy food donations ready for your Stamp Out Hunger bag:

- Canned low-sodium vegetables
- Canned fruit in 100% juice
- Whole grains like brown rice or whole wheat pasta
- Lean protein like tuna or chicken packed in water
- Low-fat boxed milk

Gregg Sustache is a local Letter Carrier. We spent some time talking with him about his experience and why you should step up to Stamp Out Hunger.

Q: How long have you been involved in the Stamp Out Hunger food drive?
A: I have been a volunteer food drive coordinator for two local Post Offices and have been picking up food on my routes for more than 20 years!

Q: Why is Stamp Out Hunger so important?
A: Personally I think it’s about human dignity. It’s an easy opportunity for the public to help those who are less fortunate and give them a sense of wellbeing, hope and support!

Q: What would you say to the public about this year’s food drive?
A: I would like to take this opportunity to thank Wisconsin residents for all the support you’ve given to the Letter Carriers’ Stamp Out Hunger Drive over the years.

“Imagine not knowing where your next meal is coming from; imagine being hungry all the time! So I ask you, Milwaukee—get involved, donate, volunteer, support and help us stamp out hunger! Just look for the blue bags in your mailbox!”

STUDENTS WHO START THE SCHOOL DAY ON AN EMPTY STOMACH OFTEN SPEND MORE TIME THINKING ABOUT BEING HUNGRY THAN WHAT THEY SHOULD BE LEARNING.

According to No Kid Hungry, absences can be reduced by an average of 6% simply by making sure children are guaranteed school breakfast. While many schools in Wisconsin offer breakfast, our state consistently ranks at or near the bottom of the country in the number of schools that offer breakfast to children.

To help solve the problem, Hunger Task Force, No Kid Hungry, the Wisconsin Department of Public Instruction and the School Nutrition Association of Wisconsin are collaborating to sponsor the 2nd annual Wisconsin School Breakfast Challenge, which helps school districts provide a healthy breakfast and a great start for every student.

Through March 2020, hundreds of school across Wisconsin are competing to serve more breakfasts to students. While schools can win cash prizes for increasing participation, the real winners are children who can start the day ready to learn!

For the fifth consecutive year, Cousins Subs and the Milwaukee Bucks are taking the court to Block Out Hunger. This season, Cousins will donate $50 to Hunger Task Force for every blocked shot made by the Bucks. All these blocks will add up to provide nutritious milk for local kids facing hunger. Hunger Task Force serves over 50,000 people each month, and over half are children. We’re grateful for the leadership of Cousins Subs and the Bucks to keep our community healthy.

SNAP 101: What is FoodShare?

The Supplemental Nutrition Assistance Program (SNAP) is the largest anti-hunger program in the United States, and the first line of defense against hunger. The program is designed to grow and shrink with the economy, so as Wisconsin’s economy improves, many people no longer qualify.

Known as “FoodShare” in Wisconsin, the program supports putting food on the table for nearly 1 in 10 people in Wisconsin alone. But FoodShare is in jeopardy. In 2019, the USDA proposed three extraordinary rule changes to FoodShare that threaten to take food away from hundreds of thousands of vulnerable people in Wisconsin. The rules have not yet been implemented, but they will dramatically change how the FoodShare program works, and they will disproportionately affect Wisconsin.

Hunger Task Force is ready to help those affected by these changes and continues to fight for effective policy solutions.

IN 2019, HUNGER TASK FORCE BEGAN DISTRIBUTING FOOD THROUGH A FEDERAL EFFORT CALLED THE TRADE MITIGATION PROGRAM (TMP).

The government procured surplus foods to lessen harm caused by trade wars to farmers and food producers, and these foods were made available to food banks across the country.

Hunger Task Force now has a team of part-time staff to help deliver the increased volume of food throughout our network. These warriors have distributed millions of pounds of fresh fruits, milk, eggs, nonperishable items and lean meats, and continue to provide additional relief to FoodShare recipients and seniors.

Team TMP currently distributes food to more than 40 sites throughout Milwaukee County, serving anywhere between 30-140 clients at each site. Sites served include housing complexes, community centers, senior centers, transitional housing, schools and even a technical college.

TEAM TMP!

IN 2019 THROUGH TMP, HUNGER TASK FORCE DISTRIBUTED
2,236,954 POUNDS OF ADDITIONAL FOOD INCLUDING FRESH FRUITS, MILK, EGGS AND LEAN MEATS
