

2025 - 2027 WISCONSIN STATE LEGISLATIVE PRIORITIES

This year leaders in Wisconsin will pass its biennial budget to fund programs and policies for the next two years. This budget bill will authorize and fund various programs that affect all 72 counties across our state – rural, remote and urban. With a rich and proud history of farming to being one of our nation’s largest agricultural producers, Wisconsinites deserve to see programs that not only have a profound positive impact on our local economies but also help ensure that no individuals, families or children are ever without nutritious food.
